CONTACT INFO: 638-2315

Statement from Sen. Roscoe Reynolds regarding the closing of StarTek in Collinsville:

“I was very disappointed when I got home this afternoon from the Roanoke River Basin Bi-State Commission to hear the news about StarTek. This is a sad day for our community, especially for the families of the 631 employees at StarTek.”

“I hope that StarTek helps these families find new work. We have seen several good, announcements recently. Hopefully StarTek employees will be able to find employment in this community. It’s disappointing that StarTek is closing its operation in Henry County.”
